

# Fact Sheet 2020

Tsondab Valley is a **Private Nature Reserve** of 170 km<sup>2</sup>. Bordering the Namib Naukluft Park on two sides, the Reserve's varied landscape impresses with a combination of the red **Namib dunes** and typical African **Camelthorn Savannah**. Petrified (or 'fossilised') dunes, as ancient remains of the world's oldest desert, magnificently formed into our 50m-deep '**Hidden Canyon**', as well as our 'Blue Marble' Mountains, may also be explored on the property.

Tsondab Valley, with its **10 beds**, is one of the smallest accommodation establishments of its kind, and this allows the **managing owners** to personally take care of the needs of each of their guests in an atmosphere of **friendly familiarity**. Thus this intimate and hand-built lodge is more than a night stop on your Namibia Safari; it is a **destination for nature friends & desert enthusiasts**, especially **photographers**. Suitable for **self-drivers** and **very small guided groups**.
